

SpotOn Handheld

See more. Do more.

Turn tables faster, serve more guests, and drive higher sales. With a durable 6.5" handheld, you can easily take orders and payments at the table or drive-thru.

- Serve more tables with fewer servers by sending orders directly to the kitchen from the table.
- Reduce remakes with easy-to-find menu items and modifiers.
- Speed up transactions and accept all major credit cards with a card reader on the top.
- Increase loyalty by making it easy to check-in and redeem rewards with a built-in QR barcode scanner (select models).

Powerful tech. Pocket-sized.

SpotOn handhelds are slim enough to take anywhere and large enough to place orders quickly and seamlessly. See how they can fit into your restaurant.

 The SpotOn handhelds have been a game-changer for us. We use them as a line buster and to take more orders outside of the restaurant. They are just incredibly relevant for the time we live in now.
